PERISHED BY FLAMES

Two Sisters of St. Joseph and Two Infirmary Patients.

ANOTHER SISTER BADLY BURNED.

Destructive Conflagration Occurs at Houston, Texas—Besides the Deaths the Property Loss Will Reach Nearly Half a Million Dollars—It Was the Greatest in the City's History.

HOUSTON, Oct. 17.—The worst fire in the history of this city broke out, and before it was placed under control, not only had a large amount of property been destroyed, but two Sisters of St. Joseph were burned to death, two infirmary patients also perished, and a third sister dangerously injured. The fire originated in the San Jacinto hotel, or rather boardinghouse, at Franklin and San Jacinto streets, from which the flames spread rapidly to adjoining small buildings of St. Joseph's infirmary on Franklin, destroying also a large 2-story frame annex, and then the 4-story brick main building. The destruction of these buildings was accompanied by loss of life.

Sisters Dolera and Jane were burned beyond all possibility of recognition and Sister Clotilda was fearfully burned about the face, neck, breast and arms, her recovery being in doubt. Two patients are also missing, but there is not the slightest doubt that these also perished. On San Jacinto street the flames spread to a 1-story cottage, and next destroyed a 3-story boardinghouse, managed by Mrs. J. J. Hussey; the 3-story brick building of W. N. Shaw, occupied by the S. M. Rushmore Grocery company, and J. W. Hancock, stationer, and W. L. Foley's dry goods house, the largest in city. It was 4:30 when the flames were at last gotten under control. The loss is about \$438,000.

Death of the Sleeping Wonder.

SPRINGFIELD, O., Oct. 17.—Mrs. Elizabeth Williams, the "sleeping wonder," of 311 East Main street, died yesterday morning at 2 o'clock after remaining in a comatose condition for eight days. A week ago Saturday night she was found in the hallway of her residence, where she had fallen, by a neighbor. From that time until death ensued she lay like one in a peaceful sleep. Her case aroused the greatest interest on the part of the medical fraternity. Dr. Baldwin, the attending physician, gives apoplexy as the cause of the woman's mysterious condition for so long. She was 65 years of age.

Boys Return to Work.

MUNCIE, Ind., Oct. 17.—The striking boys in the flint factory at Ball Brothers' glass works returned to work yesterday, and the places of the half hundred lads in factory No. 1 are being filled with older boys who are not afraid of the striking youngsters injuring them. The lads demand an increase from \$3 to \$3.50 a week. A majority quit work Saturday, but they forced others to fall in line Monday by whipping them.

Will Die in Prison.

ANDERSON, Ind., Oct. 17.—Dick Goodman, the leader of the notorious Dundee gang of robbers, was yesterday taken to the prison north for five years. He was supported on crutches, and suffering considerably from a shotgun wound made in effecting his capture in a dark storeroom, over a year ago, at which time Deputy Sheriff Coburn was also shot. Goodman will die before his term ends.

Minister Called to His Door and Shot At.

GUTHRIE, O. T., Oct. 17.—Rev. M. Bashan, living near Lexington, was called to his door Monday night, and when he opened it, persons outside fired on him. He jumped back, secured a Winchester and returned the fire, wounding one of his assailants as shown by a trail of blood. The attempted assassination was by desperadoes whom he had scored in sermons.

Bayard Welcomed Home.

WILMINGTON, Del., Oct. 17.—All Delaware turned out to formally welcome Ambassador Thomas F. Bayard back to his state and city, after an absence of 16 months as the representative of his government at the court of St. James. It was a great demonstration and those who attended were numbered only by the capacity of the opera house, in which the ceremonies were held.

Fatal Quarrel Among School Boys.

PARKERSBURG, W. Va., Oct. 17.—At the close of school Monday, at Brighton, a village near this place, a quarrel among the boys developed into a shooting and cutting scrape, in which Willis Gardner, aged 15, was shot to death and his little brother, aged 8, fatally stabbed. The teacher, Morris Pickering, was also fearfully cut while trying to preserve order.

Did Not Turn Off the Gas.

ELKHART, Ind., Oct. 17.—C. F. Robinson of Niles, Mich., registered at the Elkhart House and was next morning found dead in his bed, having been killed by inhaling gas, he failing to completely shut it off. He was about 48 years old, a widower, and has one son, whom he was looking for in this city, as he has not seen him for years.

Postoffice Safe Robbed.

NEW ALBANY, Ind., Oct. 17.—Some unknown thief robbed Postmaster Schindler's safe in his private room in the postoffice of \$4,000 in stamps and \$500 in money between 12 and 1 o'clock yesterday afternoon. Postmaster Schindler says the safe was locked, and that the lock was picked. No one saw the thief, and no clew has been found.

VERY INCOMPLETE.

The United States Scheme of Coast Defense in Case of War.

WASHINGTON, Oct. 17.—The work of equipping the troops of the regular army with the new magazine rifle is progressing as rapidly as the limited plant of the Springfield National armory will permit. The fabrication of the complex and accurate machinery necessary to make the new weapon required much time, and now that the plant is in running order, the output is about 25,000 arms per year. As far as the arms are completed they are issued to the troops, and at this rate it will be about a year before our small armory is brought up to a modern standard by being supplied with magazine guns. When this work is accomplished the ordnance officers will turn their attention to the militia.

A sample weapon has been sent to the national guard of each state so that men may familiarize themselves with it, but at the present rate of output it will be several years before they can all be supplied. This fact has deeply impressed some distinguished military men in Washington, taken in connection with the rather startling suggestions made by General Schofield in his annual report, just published, touching the insufficiency of our army in the point of numerical strength and his comparison of the United States with China from a military standpoint. It has always been the proud boast of the public men who have resisted the establishment of a good standing army, that in case of a hostile attack the government could secure a million volunteers in a day. To this the military experts of today are replying by the question, what are we to do with these raw volunteers, and how shall they be armed?

Our Defenseless Condition.

One of the most distinguished tacticians now living, who is perhaps more familiar with our military resources than any man in the country, has asked this question. Following outline of reasoning he made a rather surprising observation. Said he:

"Having in view the completeness of our scheme of coast defense and the absolute insignificance of our navy when compared with the magnificent navies of Europe, I have no hesitation in saying that it is entirely possible for at least two of the nations of Europe to land 250,000 men on our Atlantic coast. To these we can oppose with about 50,000 soldiers; 20,000 being of the regular army and 30,000 militia, for I am convinced that this is about our effective military strength in an emergency. In the course of time we could add a great number of raw volunteers. But the latter

We Can Not Arm and Equip.

It requires, as you see, much time to do this, and I am of the opinion that the foreign invaders would be able to occupy St. Louis before we could make the arms, for, of course, we would be prevented by the neutrality acts from purchasing abroad. I believe that General Schofield rather understated the case in comparing the United States with China, but the fact is that we are not nearly so well prepared by land or sea to resist attack from even one European power, as was China to resist Japan. The disproportion in effective force is even greater, and for the United States to rely on its latent power and on its vast population and wealth is as wrong as was China's reliance on the same facts."

FAST BICYCLE RIDING.

The World's Record For a Twenty-Four Hour Run Broken at Cleveland.

CLEVELAND, Oct. 17.—Louis Gimm, a member of the Cleveland Wheel club, succeeded, at 5 o'clock yesterday afternoon, in breaking the world's record for a 24-hour run. The run was made upon the Newburg Driving Park track in the presence of a large crowd of interested spectators. The first mile was made in 2:59 4-5, the first 10 miles in 29:59 3-5, the first 20 miles in 1:01:39, the first 30 miles in 2:30:53, the first 75 miles in 3:46:18, and the first 100 in 5:06:13 1-5, or 39:05 4-5 less than the best previous record.

At 5 o'clock yesterday afternoon when Gimm left the track he had covered 383 3-4 miles and 170 yards, or 270 270 yards less than 384 miles. The best previous record was 374 miles made by Ed S. Spooner. Gimm rested but 17 1-2 minutes during the 24-hour run—19 minutes at the end of the 110th mile, 34 minutes at the end of the 181st and 19 1-2 at the end of the 26th. The last mile was made in 2:54. Gimm was in fairly good condition when he left the track.

An Eight Thousand Dollar Blaze.

FRANKFORT, Ky., Oct. 17.—The old Whitmore & Rule saw and planing mill, on the south side, was totally destroyed by fire yesterday entailing a loss of nearly \$8,000 to the owners and operators. It was owned by the Branch bank and Farmers bank, of this city, and the Citizens' bank of Danville, having been bought in by them at the receiver's sale, after Whitmore & Rule's assignment, two years ago. The planing mill and dry kiln was being operated by Mr. John Pilkington, whose loss is \$2,000, with insurance of \$1,550. The banks estimate their loss at \$6,000, with about \$4,000 insurance.

Scarlet Fever Epidemic.

JEFFERSONVILLE, Ind., Oct. 17.—Scarlet fever has developed here in a violent form, resulting in several deaths. An epidemic is feared. Much alarm is being felt for children in the public schools.

More Shops Start Up.

ANDERSON, Ind., Oct. 17.—Five shops were started yesterday in the Pennsylvania Glass company's second factory. The force is nonunion, and will continue as such in both factories.

BURGLAR'S BLOODY WORK.

A Man and His Wife Brutally Attacked With a Hatchet.

OAKLAND, Cal., Oct. 17.—A burglar did bloody work with a hatchet at the residence of Rev. F. E. Wolf in Alameda early yesterday morning. Mrs. Wolf was awakened by the presence of a man in the bedroom where she and her husband slept. She rose in bed and was struck down with a hatchet. Her husband, awakened by her cry, attempted to rise. He too was struck down.

In their struggle with the burglar the Wolfs screamed lustily, arousing their neighbors. When succor came both were lying unconscious in their blood-stained bed. On the floor lay the hatchet, where it had been dropped by the escaped robber. Mrs. Wolf has regained consciousness and will probably recover, though she has bad wounds about her skull. Mr. Wolf is mortally wounded. The hatchet pierced his skull on the right side, severing the temporal artery; one of his cheeks is terribly gashed and his head is badly battered. Mr. and Mrs. Wolf are missionaries, who lately returned from Alaska.

Not a Conversion.

BERLIN, Oct. 17.—The Kreuz Zeitung says that Princess Alix of Hesse has obtained concessions from the Russian holy synod such as no princess in a like position ever before secured in embracing the orthodox faith. The princess, according to the newspaper mentioned, will not declare her former religion to be accused nor will she state that her conversion is due to the conviction that the truth lies not with her own, but with the Russian church. It is added that the holy synod will be satisfied with a simple declaration that the Princess joins the Greek church in order to be of the same religion as her future husband.

Business Portion at Sulphur, Ky., Burned.

LA GRANGE, Ky., Oct. 17.—A fire broke out in Sulphur, about eight miles east of here on the Louisville and Nashville, and swept away the entire central portion of the town. The list of property destroyed embraces seven stores, Deposit bank of Sulphur, two livery stables, two hotels and six residences. The Louisville and Nashville depot, which was filled with merchandise, was destroyed, as was the water tank. The loss is estimated at over \$100,000, partly covered by insurance.

Fatal Weakness of the Mississippi's Month.

WASHINGTON, Oct. 17.—Judge Advocate General Leidy of the navy has just returned to Washington from New Orleans, where he completed the purchase of a tract of land adjoining the site of a drydock at Algiers, opposite the city. The price paid was \$47,000. If a small estimate submitted by the bureau of yards and docks is allowed by congress the ground will be cleared up and put in such shape that work can begin on the new dock soon after congress provides the means.

In a State of Rebellion.

PARIS, Oct. 17.—A dispatch from Tangier reports that Morocco city has been in a state of rebellion for the past week. The sultan's caliph, Prince Muley Abbas, is humiliated by the insurgents owing to his attempt to execute the sultan's order to arrest Said Behanna. The Said resisted desperately and finally committed suicide to evade being taken into custody. The governor of Casa Blanca has been deposed on the ground of incapacity.

No Settlement Reached.

BRAZIL, Ind., Oct. 17.—At the block coal operators' meeting here yesterday it was made known that an agreement with the Chicago and Eastern Illinois regarding freight rates had not yet been received. After a short session without accomplishing anything the meeting was adjourned until next week, when another conference will be held here. A final settlement is then expected.

Fatal Duel Between Farmers.

COLUMBIA, S. C., Oct. 17.—Charles H. Williams and William Pearson, white farmers, between whom, for years, bad blood has existed, had a fatal duel yesterday in Orangeburg county. The two men met in the fields and both commenced firing at the same time. Their guns were loaded with buckshot and Pearson was instantly killed. Williams is badly wounded about the head, but to what extent is not known.

Had Hid the Money in a Well.

DAKOTA CITY, Neb., Oct. 17.—A warrant was issued yesterday for Herman Freese, ex-cashier of the Homer State bank. Some months ago he claimed bank funds overpowered him at his home, took him to the bank and compelled him to open the vault and gave them several thousand dollars. He was discharged, and yesterday the money was found in a well on his place by accident.

Disasters to the Fishing Fleet.

GLOUCESTER, Mass., Oct. 17.—The record of disasters to the fishing fleet for the year, ending this month, is the largest ever known here in a single season. Twenty-nine vessels, with an aggregate tonnage of 2,354 tons and 112 men were lost, against 10 vessels and 53 men last year.

Jealousy the Cause of a Murder.

ALBUQUERQUE, N. M., Oct. 17.—Juan Vilij shot and killed Jose Ortiaga of Las Lunas, at Belon, whither he had gone in company with his wife to visit her parents. Ortiaga was married 15 days ago to a woman who had discarded Vilij. Jealousy was the cause of the murder.

SPRINGFIELD, Ill., Oct. 17.—Governor Altgeld has commuted the sentence of death of Frank A. Kurtz to imprisonment for life. Kurtz was to have hanged Friday, the 19th, for killing his wife in Chicago this year.

PLANING MILL BOILER EXPLODES.

Two Men Fatally Injured and Another One Badly Hurt.

CAREY, O., Oct. 17.—The boiler in the planing mill of Henry Waters blew up yesterday. One man was fatally injured; another's left leg was torn off, and a third received injuries about the head.

The planing mill was a 2-story structure, and the end in which the boiler was located was torn into atoms. The explosion was so terrific that the entire town was shaken as if by an earthquake, and the concussion was felt in the country districts over a mile distant.

A part of the boiler was thrown over 500 feet, damaging wire fences and three garden patches. Timbers were scattered as if by a cyclone. The worst injured man was Solomon K. Sterling, the engineer, who was dug up from under a heap of debris. He was badly cut up and bruised, and can not move from internal injuries. Jack Greeneo was thrown 20 feet in the air; his left leg was torn off, and his head was badly cut. Samuel Bechtel's head was cut. There were a number of narrow escapes.

Would-Be Bank Robbers Foiled.

PORTLAND, Or., Oct. 17.—Word has just reached here that four masked men followed up the president of the First National bank at Hissboro late Monday night while he was on his way home. He had been working at the bank until after midnight and was waylaid just after he started home. The robbers escorted him back to the bank and endeavored to open the bank vault, after having compelled the president to give them the combination. They worked at the job for some time but finally gave up and left without securing anything.

Excitement at Cripple Creek.

CRIPPLE CREEK, Colo., Oct. 17.—Excitement is running high among the miners on account of the shooting of James Cannon and Thomas Short by Deputy Sheriff Sterling at Divide Monday, when they attempted to escape from custody. It is claimed that the prisoners were innocent of the robbery which they were charged and that there was no excuse for removing them to Colorado Springs without a hearing. Threats to sack this city and Colorado Springs are openly made and it is feared the old war will break out anew.

Militia Guarding a Jail.

WASHINGTON, D. C., Oct. 17.—A mob of several thousand people surrounded the jail here last night, threatening to lynch Jasper Dolby, the colored man who raped Mrs. Mary C. Boyd of Parrett's station. Dolby was lodged in jail yesterday morning and was identified during the day by Mrs. Boyd. The mob became so demonstrative that the militia was ordered out by the sheriff and the crowd dispersed at the point of bayonets. The militia is guarding the jail.

A Minister Nearly Seventy Years.

WILKESBARRE, Pa., Oct. 17.—Rev. E. Hazard Snowden, the oldest Presbyterian minister in the state, died at his home in Forty Fort yesterday, aged 95 years 6 months. He was the oldest living graduate of Princeton theological seminary. He was admitted to practice law in the supreme court of New York, at Utica, in 1821, and was licensed to preach in 1825. His first ministerial charge was at St. Augustine, Fla.

Ocean Vessels to Reach the Lakes.

CHICAGO, Oct. 17.—Captain J. S. Dunham and Lyman E. Cooley, who were appointed as delegates to the deep waterways convention at Toronto, submitted their report to the directors of the board of trade, and recommended that the board give its support to the movement for securing the deepening of the St. Lawrence canal system to enable ocean vessels to reach the lake.

Not Responsible for the Accident.

NEW YORK, Oct. 17.—Louis Aronowitz, owner of the building, 74 Monroe street, which recently collapsed and caused the death and injury of several persons, was discharged in the Essex Market police court yesterday morning by Justice Sims, who held that he was not responsible for the accident. Aaronowitz had been arrested and paroled for examination.

Death of Mrs. Nettie L. S. Harrison.

MINNEAPOLIS, Oct. 17.—Mrs. Bettie L. S. Harrison, widow of the late Colonel A. Irwin Harrison, oldest brother of ex-President Harrison, died yesterday as the result of a surgical operation. She was the daughter of William Sheets of Indianapolis, and was 58 years old. The interment will be at Indianapolis.

Death of an Old River Captain.

PITTSBURG, Oct. 17.—Joseph Leland Lytle, for many years a steamboat captain, and known all along the Ohio and Mississippi as "Uncle Joe," died suddenly yesterday of paralysis of the heart, aged 69 years. He was a member of the firm of S. Morrow & Company, lamp manufacturers.

Alleged Trainwrecker Jailed.

BATTLE CREEK, Mich., Oct. 17.—George M. Johnson, one of the alleged trainwreckers, was brought here from Marshall jail yesterday evening and arraigned before Justice Henry. He asked for an examination, which will take place Oct. 24. In default of \$10,000 bail he went to jail.

MERCED, Cal., Oct. 17.—The Merced bank, which has been doing business since 1875, closed its doors yesterday. The failure is due to the bank's inability to realize on its securities. As yet no statement has been made, but it is known that the bank had \$200,000 loaned to merchants and ranchers of this community who were unable to meet their obligations.

SHIPPING DISASTERS.

A Number of Vessels Wrecked Along the Pacific Coast.

PROBABLY HEAVY LOSS OF LIFE.

The American Ship Ivanhoe Has Probably Been Lost With All on Board. Colonel Fred Grant, Ex-Minister to Bolivia, Was a Passenger on the Ivanhoe. Account of Some of the Disasters.

SAN FRANCISCO, Oct. 17.—The gale which has prevailed along the North Pacific coast since Saturday last, has undoubtedly caused widespread disaster to shipping interests. At least three schooners are known to be wrecked, there are grave reasons for believing that the American ship Ivanhoe has been lost with all on board, and there is little doubt that the South Pacific raft of 10,000 apars and pilos, valued at \$30,000, has been broken by the elements. The news of the next few days, it is thought, will show still greater loss.

From Tacoma, the schooner Nora Harkins is reported wrecked at the entrance to Gray's harbor. One seaman was drowned.

Reports have been received here of the wreck of the schooner Portia at Stewart's Point. Her bottom was knocked out on the rocks and her crew narrowly escaped with their lives.

It is also reported that the schooner Elfreta was driven on the rocks near Cambria on the San Luis Obispo county coast. A few minutes after the crew left her she broke in two and went down.

The American ship Ivanhoe, coal laden, from Seattle for this port, which has now been out 21 days, is almost certainly lost. Captain C. E. Griffin commanded her and she carried a crew of 18 men.

Colonel Fred Grant, one of the proprietors of the Seattle Post-Intelligencer, and ex-minister to Bolivia, was a passenger on the Ivanhoe, having embarked on her to enjoy the novelty of a sea voyage. A mast and yards painted yellow and believed by seamen to be part of the riggings of the Ivanhoe, have been sighted off the Oregon coast. A floating deckhouse, painted as was the Ivanhoe, was also seen in the same locality.

HEAVY WEATHER AT SEA.

A Steamer Battles With a Hurricane For Nearly Twenty-Four Hours.

ASTORIA, Or., Oct. 17.—The steamer P. P. Elmore has arrived from Tillamook, after encountering one of the heaviest seas known along the Pacific coast in years. She left Tillamook Monday morning at 6 o'clock with 11 passengers and a large cargo of case salmon consigned to Elmore, Sandborn & Company. After crossing Tillamook bar she struck a hove-in sea with a stiff northwestern blowing, which soon increased to a perfect hurricane. All day long the steamer battled with the heavy seas, not daring to attempt to cross in at the mouth of the Columbia, which was reached about 3 p. m.

They remained out all night, the wind growing stronger and the seas heavier as the night wore away. About 1 o'clock yesterday morning they began to throw out their cargo, and after 200 cases of salmon had been pitched into the sea, the boat steadied and rode the seas much easier. The officers of the boat say that on several occasions during the night they gave up all hope of saving the steamer.

The State of California, the George W. Elder and three British vessels remained inside the heads until the Elmore crossed in.

One Man and Vessel Lost.

TACOMA, Oct. 17.—The two-masted schooner Nora Hastings, in ballast at San Francisco for Gray's harbor, broke her rudder and washed ashore yesterday on Peterson's Point near Ocota, on the Pacific coast. One man was lost; the balance of the crew were saved.

WHISKY WAR BEGUN.

Goods to Be Sold Regardless of Cost by the Trust.

PEORIA, Ill., Oct. 17.—The whisky trust yesterday reduced prices on alcohol 2 cents per gallon, equivalent to nearly 4 cents per wine gallon. This is regarded as the beginning of a war in prices between the trust and its competitors, which will eclipse any previous war and that goods will be sold regardless of cost of manufacture. When the trust abandoned its rebate system two weeks ago it was thought the trade would rush in with orders. Instead the anti-trust houses scented the trade and the trust to hold its own announces this preliminary reduction.

Anti-trust houses, notably the Atlas of Peoria, and a number in Terre Haute have started up, while at trust headquarters it is said none of the trust houses will resume before December or January. The trust is heavily stocked, and it costs 2 cents per gallon a month to carry the goods. The trust announces this reduction below the cost of manufacture under the increased tax to hold its trade. If the trust carries out its warlike intentions lively profitable times for all but the trust and anti-trust distilleries themselves are anticipated.

Eight Drunken Men Go on a Cruise.

DUBLIN, Oct. 17.—On Sunday eight drunken men procured a boat and went on a cruise in Tralee bay. They have not been seen since. Some bodies were washed ashore yesterday, and there is no doubt that all the members of the party were drowned.

FARMERS should take note that one of Mr. Cleveland's Consuls advises the State Department that the completion of the new Siberian railroad will bring another large surplus store of wheat into the market and tend still further to decrease its price in the future.—Louisville Commercial.

Well, what's the Commercial going to do about it? Can this country put a stop to the building of railroads in Siberia?

The Enterprise of Boyce, La., says:

All this hue and cry that the sugar industry of Louisiana would go into bankruptcy without protection is only idle talk, as is evidenced by the fact that none of those who are engaged in the business have yet made any effort to quit the business.

Oh, the country is on to the cry of the sugar growers. What they are after is that bounty the Republicans voted them a few years ago and which the Democrats abolished. It would only take a few years for them to become millionaires under the Republican bounty system, because under it millions of dollars were every year being transferred from Uncle Sam's treasury to their pockets.

HARMON SMITH, who was lately nominated for County Attorney by the Bourbon Republicans, has declined the nomination, and it is announced that he will affiliate with the Democrats hereafter. Perhaps, he has been reading some of the Ledger's tariff editorials lately, this one probably:

"How does it come that when the Democrats went out of power in 1860 the government had been run for seventy years, and there was but five millionaires in the whole United States, and was a good price, farms free of mortgages, and tramps and strikes were unknown; while after thirty years of Republican rule there are over 5,000 millionaires, and no price, and surfeited with mortgages, strikes on all hands and tramps by the million?"

That's enough to convert most any Republican.

We are under no obligations to Hon. Rolla K. Hart or other candidates than John O'Kelley and Frank Friel; to these gentlemen we owe a debt of gratitude which we are now trying to cancel in our support of them. These gentlemen assisted us when things looked desperately blue, in fact, to such friends we owe, to a certain extent, our position in the business world to-day. Readers of the News should we forget this? No! Nor will we.—Ashland Signal.

Chestnuts! What does your support of Messrs. O'Kelley and Friel amount to when you acknowledge it is not from principle, but virtually for the pelf that is in it for you? According to your statement publicly announced any one can get your support by paying you for it. What does such support amount to in the estimation of the people?

REDUCTIONS OF WAGES.

The Tariff-Reform Committee of the Reform Club of New York has published a pamphlet on "Protected Wages," compiled by Congressman John De Witt Warner, which gives a list of more than twelve hundred attacks on laboring men in the way of wage reductions, by the owners of protected industries during the first two years' operation of the McKinley bill. This is supplemented, says the New York World, with an exposure of the twenty-eight instances, which were all that the protectionist organ, the American Economist, could cite, of advances that were made after the McKinley bill was passed, the exposure showing that in no case cited by the American Economist was the advance given unless there had been a previous temporary reduction, or a successful strike to obtain it; and that in the very few instances cited where the increase had actually been given it had been by men employing only a very few workmen. To get even twenty-eight instances the Economist had to invent firms that never existed and give addresses which the Postoffice Department never heard of—in other words, forge. This little pamphlet, which costs only five cents, will be of great service to the Democratic voter in exposing the wage swindle that the protection bunco-steerers use to delude the workman.

THE SOUTH CONTINUES TO GET THERE.

The South continues forging to the front.

Every new month and every new quarter is a record breaker for the South in the establishment of manufacturing and other industrial concerns.

The Manufacturers' Record, of Baltimore reports that 606 new industrial enterprises were launched in the South during the month of July, August and September, as compared with 502 during the corresponding period of last year.

Nor was last year's record a low one. On the other hand, more industries were started in every quarter of the year than in the corresponding quarter of 1892. The panic had comparatively little effect on the business of the South.

The Record's report shows that nine iron and steel mills, five cotton mills, ten flour mills, two cottonseed oil mills and 110 wood working establishments were started in the South last quarter. The list also includes 32 electric light and power plants, 24 waterworks, 62 quarries and mines, and 14 ice factories.

Don't Fail to See "Our Uncle Dudley" To-night.

The clever farce-comedy which will be seen at the opera house to-night was played in Louisville last week, and was greatly praised by the Times, Post, Courier-Journal and Commercial. The Courier-Journal of Friday said:

"Our Uncle Dudley" paid his first visit to Louisville last night and he is welcome to stay as long as he likes. "Our Uncle Dudley" is one of the brightest farces that has been seen in Louisville for a long time, and was thoroughly enjoyed by a large and fashionable audience. There is not a dull line in "Our Uncle Dudley," but in providing plenty of fun Mr. Elie Norwood has not overstepped the limit and the result is one of the cleanest and cleverest farces ever produced. There is a plot with something to it, and people who know how to act. A gaudy English "Squire," a "sporty" nephew, an equally "sporty" partner, a hypnotist, a champion middle-weight, a music hall singer and a lively sister of the "sporty" nephew are parts well played by Russell Bassett, Earle Brown, Frank J. Currier, J. L. Ottomeyer, W. R. McKee, Miss Augusta Nelson and Miss Lena McIlvaine.

Enthusiastic Democratic Meetings at Plumville and Minerva—The Clubs Growing.

The Democratic clubs at Plumville and Minerva held enthusiastic meetings last night, the second meeting, at each point, of the present campaign.

Eloquent speeches were delivered by Judge Phister and Mr. A. O. Stanley at Minerva, while the meeting at Plumville was addressed by Mr. F. P. O'Donnell and Deputy Circuit Clerk Burgess Taylor.

The membership of each of these clubs has been increased considerably since they were organized and new members are being enrolled right along.

The Democrats of the county have organized about fifteen clubs so far, and several more will be added to the list before the campaign is over.

The meeting at Dieterich's grove Saturday night promises to be a rousing one. The eloquent A. O. Stanley will be one of the speakers.

Following is the list of appointments this week:

MR. H. T. SUTCLIFFE has withdrawn from the race for Justice of the Peace in the Murphysville-Fern Leaf-German-town Magisterial district. This leaves the contest between Squire Powell B. Owens, the Democratic nominee, and Squire S. E. Mastin, with the chances in favor of Owens.

A PRETTY HOME WEDDING.

Marriage of Mr. John G. Wadsworth and Miss Ida Rand Power Tuesday Afternoon.

The marriage of Mr. John G. Wadsworth and Miss Ida Rand Power was solemnized Tuesday at 12:30 p. m. at "Stone Terrace," the home of the bride's parents. Rev. T. W. Watts, pastor of the M. E. Church, South, was the officiating minister, and spoke the impressive words that united the destinies of the happy couple.

The wedding was a quiet home affair, the invitations having been restricted to relatives of the couple and a few very intimate friends.

After the ceremony a short time was spent by the newly-wedded in receiving the congratulations and good wishes of those present, and then they drove to this city and left on the F. F. V. for New York City and other points in the East. On their return from their bridal trip they will be at home at "Buffalo Trace."

The bride is the youngest daughter of Mr. and Mrs. John W. Power, and is one of the prettiest of Mason's lovely daughters. The groom is certainly to be congratulated on his choice of a life companion and helpmeet.

The groom is a son of the late Hon. W. H. Wadsworth, and his many friends join in wishing him and his lovely bride happiness and prosperity—a future as bright as the sunshine of their wedding day.

PORT ARTHUR TAKEN

The Japanese Troops Win Another Great Victory.

STRONGHOLD OF THE CHINESE.

The Japanese and Chinese Armies Are Facing Each Other on the Banks of the Yalu River, Both Perfecting Arrangements For a Great Battle—Latest Dispatches Relating to the War.

SHANGHAI, Oct. 17.—It is reported that Port Arthur, the Chinese stronghold, where the fleet of China has been refitting after the battle fought off the mouth of the Yalu river, has been captured by the Japanese.

Facing Each Other, Preparing to Fight. WU-JU, Corea, Oct. 17.—The Japanese and Chinese army are facing each other on the banks of the Yalu river. Both are perfecting their arrangements for a battle. Not a shot has been fired yet. Field Marshal Count Yamagata, commander of the Japanese forces, is awaiting the arrival of supplies and heavy artillery. Spies report that the Chinese army is 25,000 strong.

Colonel Hannekin Dying.

SHANGHAI, Oct. 17.—Colonel Von Hannekin, formerly aide-de-camp of Li Hung Chang, who was wounded while acting as adviser to the Chinese admiral, who was in command at the naval battle fought off the Yalu river, is said to be in a dangerous condition, blood poisoning having set in. Colonel Hannekin had so far recovered from his injuries as to be able to return to duty, when a relapse prostrated him.

MERELY "REPAID" THE ORDERS.

How Stark County's Treasury Was Defrauded of a Large Amount.

CANTON, O., Oct. 17.—The method employed to loot Stark county's treasury of about \$18,000 has been discovered, but the looter is still unknown. The plan simply amounts to taking paid orders from where they were filed, having them repaid and refilled.

The method in the treasurer's office is to keep a daily cash book, taking out in the morning cash considered necessary. Orders cashed during the day are piled on the desk and posted in the cash book. If the balance struck corresponds to the balance of cash the accounts are regarded as straight and the orders are permanently filed and not looked at again for months. Hence it is easy for one having access to the files to work the repeating process. It is claimed this practice has been going on for three years.

BACKED BY THE UNITED STATES.

Antonio Ezeta Expects to Conquer Both Guatemala and San Salvador.

NEW YORK, Oct. 17.—A special to The World from San Salvador says: Letters received here from Antonio Ezeta and published in the newspapers assert that he has the backing of the United States government and will soon, at the head of the large army, conquer both Guatemala and San Salvador.

It is reported that the Guatemalan government has been humbugged by an American ex-general from one of the southern states, who took money for making a feint on the northern border of Mexico, with a base of operations in the United States in case Guatemala should fight with Mexico. The American, it is said, secured \$100,000, but left the steamer at Acapulco on his way north and has disappeared.

Seventeen Buildings Burned.

TOLEDO, Oct. 17.—The business portion of Liberty Center, a thriving town on the Wabash railroad, 25 miles from here, was destroyed by fire early yesterday morning. The blaze started in the grocery store of Whately & Company, and, aided by a strong wind, spread rapidly. The local fire department was unable to cope with the flames, and aid that was sent by Napoleon arrived too late to be of any use. The fire finally burnt itself out. In all 17 buildings were consumed, including three dry goods houses and the office of the Liberty Press. The losses will aggregate \$40,000, with about one-third insurance.

Supposed Train Robbers Arrested.

CHERRY RUN, W. Va., Oct. 17.—Three men, who are supposed to be those who held up the Richmond, Fredericksburg and Potomac railroad train at Aquia creek last Friday night and robbed it of a large amount of money, were cornered near here yesterday afternoon by some detectives. After a hard fight two of the men were captured.

Result of a Lovers' Quarrel.

DAVENPORT, Ia., Oct. 17.—As the result of a lovers' quarrel Charles Kahler, a young carpenter, shot Lizzie Uchtorf in the face yesterday, inflicting a serious wound, and then sent a bullet into his own brains. They had been keeping company for some time and had made preparations to marry. The girl will recover.

ANDERSON, Ind., Oct. 17.—Bert Carpenter, son of Mrs. Belle Carpenter, who recently removed here from Shelbyville, fell under a train yesterday and had a foot crushed so that amputation was necessary.

Rebels Routed.

CARACAS, Oct. 17.—The rebel forces under Colonel Granadas, near Angostura, have been completely routed.

Washington's "Finest."

Here and there in the halls and corridors of the capitol the sturdy guardians of the public peace, clad in immaculate uniforms sit, silent and indifferent, ruminating, to judge from the slow and regular action of their jaws, upon the destinies of the nation, though caring for none of these things. Fine specimens most of them are, too—broad shouldered, healthy skinned, fair, quiet men, whose solid nerves nothing could surprise, whose firm but gentle mastication no political convulsion could retard. They are of a very different type from the burly New York policeman.

One can hardly believe that they are really colleagues of the colored functionary in similar blue cloth and brass buttons, who stands in all his glory at the corner of Pennsylvania avenue, monarch of all he surveys, whose slightest gesture could stop even a cable car and whose lofty stature and speckless clothes call forth the admiration of the colored nursery maid and can impose good behavior even upon fair haired little boys and make the soggy faced, blue eyed "toughs" look a little less as though they had bought the pavement for their own convenience and would refuse to let it even at a high price.—Marion Crawford in Century.

Cider Press Boiler Lets Go.

MARSHALL, O., Oct. 17.—A cider press boiler exploded at West Lebanon yesterday wrecking the building and pitching William McMillan 40 feet into a field. George Swisher was struck on the chin by a flying piece of iron and terribly used up. Others received minor hurts.

Man and Wife Killed by a Train.

QUINCY, Ill., Oct. 17.—William Davis and wife were killed by a Wabash passenger train while at a crossing near Mount Sterling. Davis was 50 and his wife 55 years old and he was one of the best known men in Brown county.

Sawmill Boiler Explodes.

PADUCAH, Ky., Oct. 17.—Monday afternoon a boiler exploded at a sawmill near Hickory Grove, Graves county. James Holmes, a prominent citizen, was killed outright, and a number of other persons probably fatally wounded.

Passed "Wildcat" Money.

ANDERSON, Ind., Oct. 17.—A stranger succeeded in disposing of nearly \$100 in "wildcat" money in this city and escaping with the change. The bills were of the old state issue, and principally on the Tippecanoe bank of Logansport.

American Vessel Wrecked in Cuba.

BOSTON, Oct. 17.—Advice received in this city from Cuba state that the three-masted schooner Wallace J. Boyd of Philadelphia, from Navassa for Baltimore, was wrecked on the north end of Navassa island on Oct. 10.

Will Bull Fight Anyway?

PARIS, Oct. 17.—Despite the government's prohibitory order, it is announced that a bull fight will take place at Nimes, on Oct. 21.

For the Farmer.

During last week 25,000 barrels of American apples were exported to England, where the prices range from \$3 to \$5 per barrel. The foreign demand for this product is constantly increasing, and the lesson of it is that our farmers should plant big orchards where they are now raising more wheat than the world wants.

It is estimated that the average value of the potato crop is about \$50 an acre, while the value of grain per acre is less than one-fourth that amount. Potatoes sold during this year, at certain times, for \$1 or more per bushel. We do not grow enough potatoes in this country for our use, and are compelled to import them. They are the most costly of all foods in proportion to price, as they are composed very largely of water.—Philadelphia Record.

From the Maryland experiment station comes the statement that "corn fodder from one acre yields as much digestible matter as two tons of timothy hay," and "there is more digestible matter contained in the corn fodder from one acre than in the corn ears from one acre," and in summing up the report says: "There is enough digestible matter produced by the corn fodder in the Southern States to winter all the live stock existing in those States, if it was properly preserved and prepared in a palatable form."

Where Water is Bad

It should not be drunk unless proper precautions are taken. More diseases arise from drinking impure water than people imagine and yet in the face of warning they continue to absorb the dangerous fluid. If you have any doubt—if you are travelling—if you move to a new locality—take no risks but put a teaspoonful of

Brown's Iron Bitters

in the glass of water, as it makes it healthy and palatable.

On a journey it is always dangerous to drink much water—take BROWN'S IRON BITTERS along—some people would not start without it, for it keeps them in health.

Look for crossed Red lines on the wrapper.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

DELIGHTED!

We have everything to gain by trading on a narrow margin of profit. We could not fill our shelves with goods at the very lowest prices known in the market if we did not buy on a large scale, and we could not sell on a larger scale unless we gave the public the full benefit of our close buying. We love to make our discounts. Our business will grow steadily, because we give it close attention. We buy cheap; we can sell cheap. Try us, the people's grocers.
